OBJECTIVE

Final-year B.E. Data Science student at ANITS (CGPA 8.11) with internship experience in AWS and cloud infrastructure at HashTek Solutions. Seeking an entry-level role in data or software development to apply skills in Python, SQL, Django along with and AI/ML.

EDUCATION

Bachelor of Engineering in Computer Science and Engineering with Data Science Anil Neerukonda Institute of Technology and Science CGPA: 8.11 / 10.0	2023 - 2027
Class XII - Science (PCM) Global View Junior College Aggregate: 87.5%	2021 - 2023
Class X Bhashyam English Medium School Aggregate: 100%	2020 - 2021

TECHNICAL SKILLS

Programming Language	: Python
Database Technologies	: SQL(MySQL), Relational Database Management
Web Technologies	: HTML, CSS, Bootstrap, Django Framework
AI/ML	: AI Agents, Machine Learning
Tools	: Github, PowerBI

WORK EXPERIENCE

AWS Cloud Computing Intern - HashTek Solutions, Visakhapatnam	May 2025 - Jun 2025
- Acquired practical experience with fundamental AWS cloud services through guided hands-on training. - Worked with Amazon EC2, Amazon S3, AMIs, and Security Groups to understand cloud resource provisioning and management. - Learned the basics of cloud deployment, static website hosting, and secure remote access using SSH.	

PROJECTS

AI RESUME ANALYZER - Django, Python, Gemini API, RAG, SQLite [\[Live\]](#)[\[GitHub\]](#)

- Developed an AI-based resume analyzer to extract text from PDF resumes and calculate ATS scores based on skills and keywords.
- Integrated Gemini API with RAG pipeline to generate resume improvement suggestions and interview questions.
- Built a Django web application with resume upload, skill analysis, and ATS scoring dashboard using SQLite database.

AI CAREER ROADMAP GENERATOR - React, FastAPI, NLP, PostgreSQL, Gemini API [\[Live\]](#)[\[GitHub\]](#)

- Developed an AI-powered career roadmap generator to analyze user experience and create personalized, week-by-week study plans.
- Integrated the Gemini API to process user skills and output structured roadmap data for interactive frontend visualization.
- Integrated the AI chatbot mentor to improve user experience by asking messages to it.

CERTIFICATIONS & TRAINING

- Python Essentials (CISCO Networking Academy) - Core Python programming
- Django Developer (LinkedIn Learning) - MVT architecture, ORMs
- SQL Essential Learning (LinkedIn Learning) - Joins, aggregation, views
- Introduction to Data Science (CISCO Networking Academy) - Hands-on-practice on data and AI/ML basics

ACHIEVEMENTS

- GeeksforGeeks Campus Mantri (Campus Ambassador)
- Got Runner-up in District level Softball Senior Championship.

LANGUAGES

English (Professional Proficiency) • Telugu (Native)
